Notes:

- All students aged 9+ who are new to Virginia Ballet Company and School must take a free trial placement assessment. After the assessment, students will be placed into a level based on knowledge and ability. Students aged 8 and younger are placed into levels based on age. Please email or call to schedule a placement assessment.
- Intermediate II level dancers are eligible to participate in the fall contemporary performance, VBC's annual production of Nutcracker, and the spring performance. They may join the Touring Ensemble in order to be considered to perform at community engagement events. Separate performance fees are required to participate in these productions and Touring Ensemble with additional days/times for rehearsals.
- It is recommended that dancers invest in six classes a week: three ballet classes, two beginning pointe classes, and one modern class. These are the minimum requirements to improve in knowledge and body strength
- Students who wish to perform in the Corps for VBC productions must be enrolled in four classes per week, including at least two ballet classes, one pointe class, and one modern class.
- To be considered for solos for Nutcracker dancers must invest in six classes/week: three ballet classes, two pointe classes, and one contemporary/modern class unless informed otherwise by the Artistic Staff.
- Only dancers who have been approved for pointe when the Fall 2026 semester begins will be considered for pointe roles.
- Any student that wishes to perform Trepak in VBC's annual Nutcracker performance **MUST** enroll in Character class. However, please note that enrollment in character class does not guarantee that a dancer will be cast in Trepak.
- Students will be evaluated after Fall Semester and undergo an end-of-the-year examination during the Spring Semester to determine readiness to progress to the next level. Promotion is not guaranteed. To progress, dancers must demonstrate the knowledge, strength, focus, and skill required to be successful at a higher level and to protect themselves from potential injury.
